Dear Sirs:

In regards to the asbestos situation, we feel it is illegal and like many other problems is politically motivated when a person wants a trial by jury and it's denied.

The true facts about asbestos litigation in Michigan is there has been only one asbestos case tried to verdict. The real crisis in Michigan is the failure of corporations to take responsibility for their bad action and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable.
